Teachers of Excellence awarded in Charlotte, NC

Harris Teeter visited Carmel Middle School on January 9th, 2008 to honor math teacher, Josephine Hoover, as the December Teacher of Excellence. Josephine is a great representative for a Teacher of Excellence due to her 33 years of time and dedication to the education program, spending the last 24 years at Carmel Middle School. During her time at Carmel Middle School she has been recognized on 10 separate occasions for her efforts in education and beyond. According to Nancy Hick, Principal of Carmel Middle School, "Mrs. Hoover possesses many of the critical skills and instincts of an outstanding educator". Nancy also states that Mrs. Hoover maintains extremely high standards for all students and couples this with a keen sense of student emotional well-being. Congratulations Mrs. Hoover!

Harris Teeter will be recognizing seven more Teachers of Excellence through May, 2008. Your school can nominate a teacher and receive money for the teacher and your school! Please look for the Teachers of Excellence link under Together in Education at Harristeeter.com.
