

FINAL CHANCE 
WE THINK GREEN!

New item!

Value and Savings with this new Harris Teeter Brand Item.

Final chance to get your school involved. Contest ends on April 13th. Schools will have a chance to win up to \$1,000 cash. Learn more about our We Think GREEN contest, section located under Bonus Programs.

The Brumfield Elementary School student body and faculty form a plastic bag chain around the entire perimeter of the school building.

Mrs. Harrell is deserving of the Teachers of Excellence award because of her continued dedication to her students.

Mrs. Harrell has been teaching at Wrightsville Beach Elementary since 2001 and has been in the teaching field since 1982. She has worked hard to keep up with the changes in technology, to be sure she is offering the very best opportunities to her students and their parents. She has been trained to use the system called PALM which helps her assess her students progress throughout the year. Mrs. Harrell has also been trained on how to electronically create report cards and inform parents of the nine week progress.

Left to Right: Principal Pansy Rumley, CSM Heather Jacquot, Mark Oliver Store Manager # 301 and Susan Harrell

This process helps the parents be more involved in their child's progress.

Mrs. Harrell has received compliment after compliment on her teaching abilities. Assistant Principal Harry P. Mayer said, "Mrs. Harrell has established a supportive classroom where students are encouraged to "take chances" and are invited to be engaged and responsible for their learning." Principal Pansy Rumley, wrote on her observation, "Mrs. Harrell is an exemplary teacher!"

More winners to come this school year!
