Teachers of Excellence Award

How can you get your parents involved?

Get their help with nominations for a Teacher of Excellence at your school.

- Have copies of the application available for them to see what is required. It's much easier than most would expect.
- Have copies of the rules for the award. You will have a much better response if they can see what's being asked of them. Let them see how much time will be needed to complete this task.
- Most importantly explain how they are helping the school and a teacher possibly win \$1,000 each. What a wonderful way to acknowledge the great work your child's teacher is doing!
